IMPRESIÓN  
3x3 cm

# Montaje del patrón

Aquí puedes ver cómo debe quedar el patrón una vez lo hayas impreso y montado. La numeración y los rombos te ayudan a colocar cada hoja en su posición correcta. Mide el largo de la capa para asegurar que tiene el largo que quieras, si no es así, deberás alargar los bajos en el papel antes de cortar la tela.

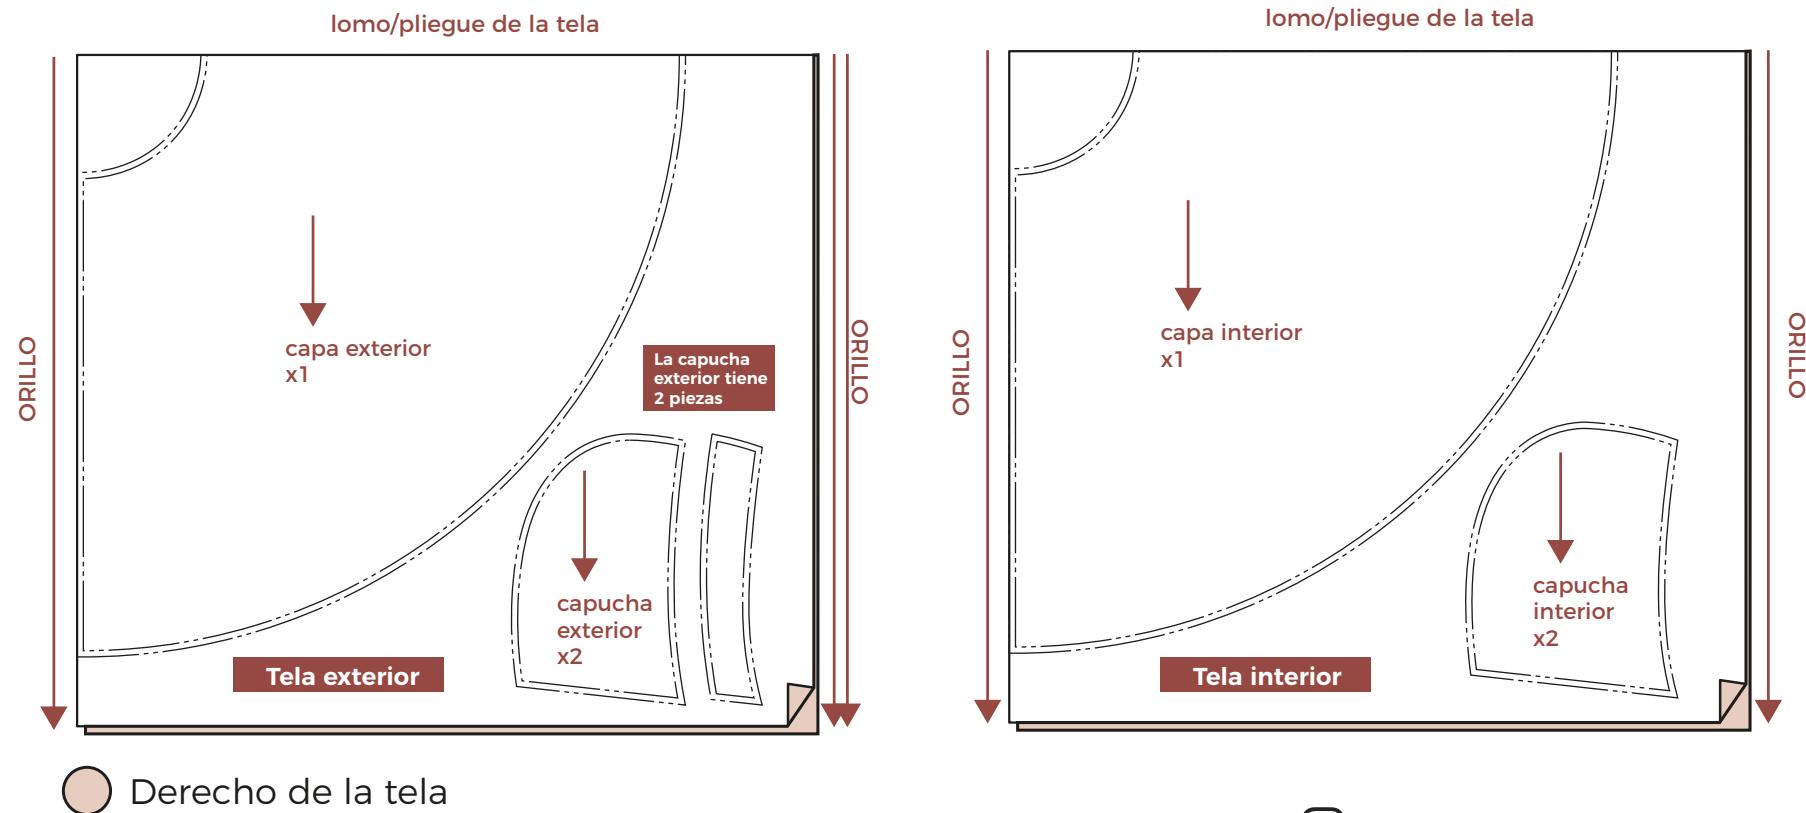

# Plano de Corte

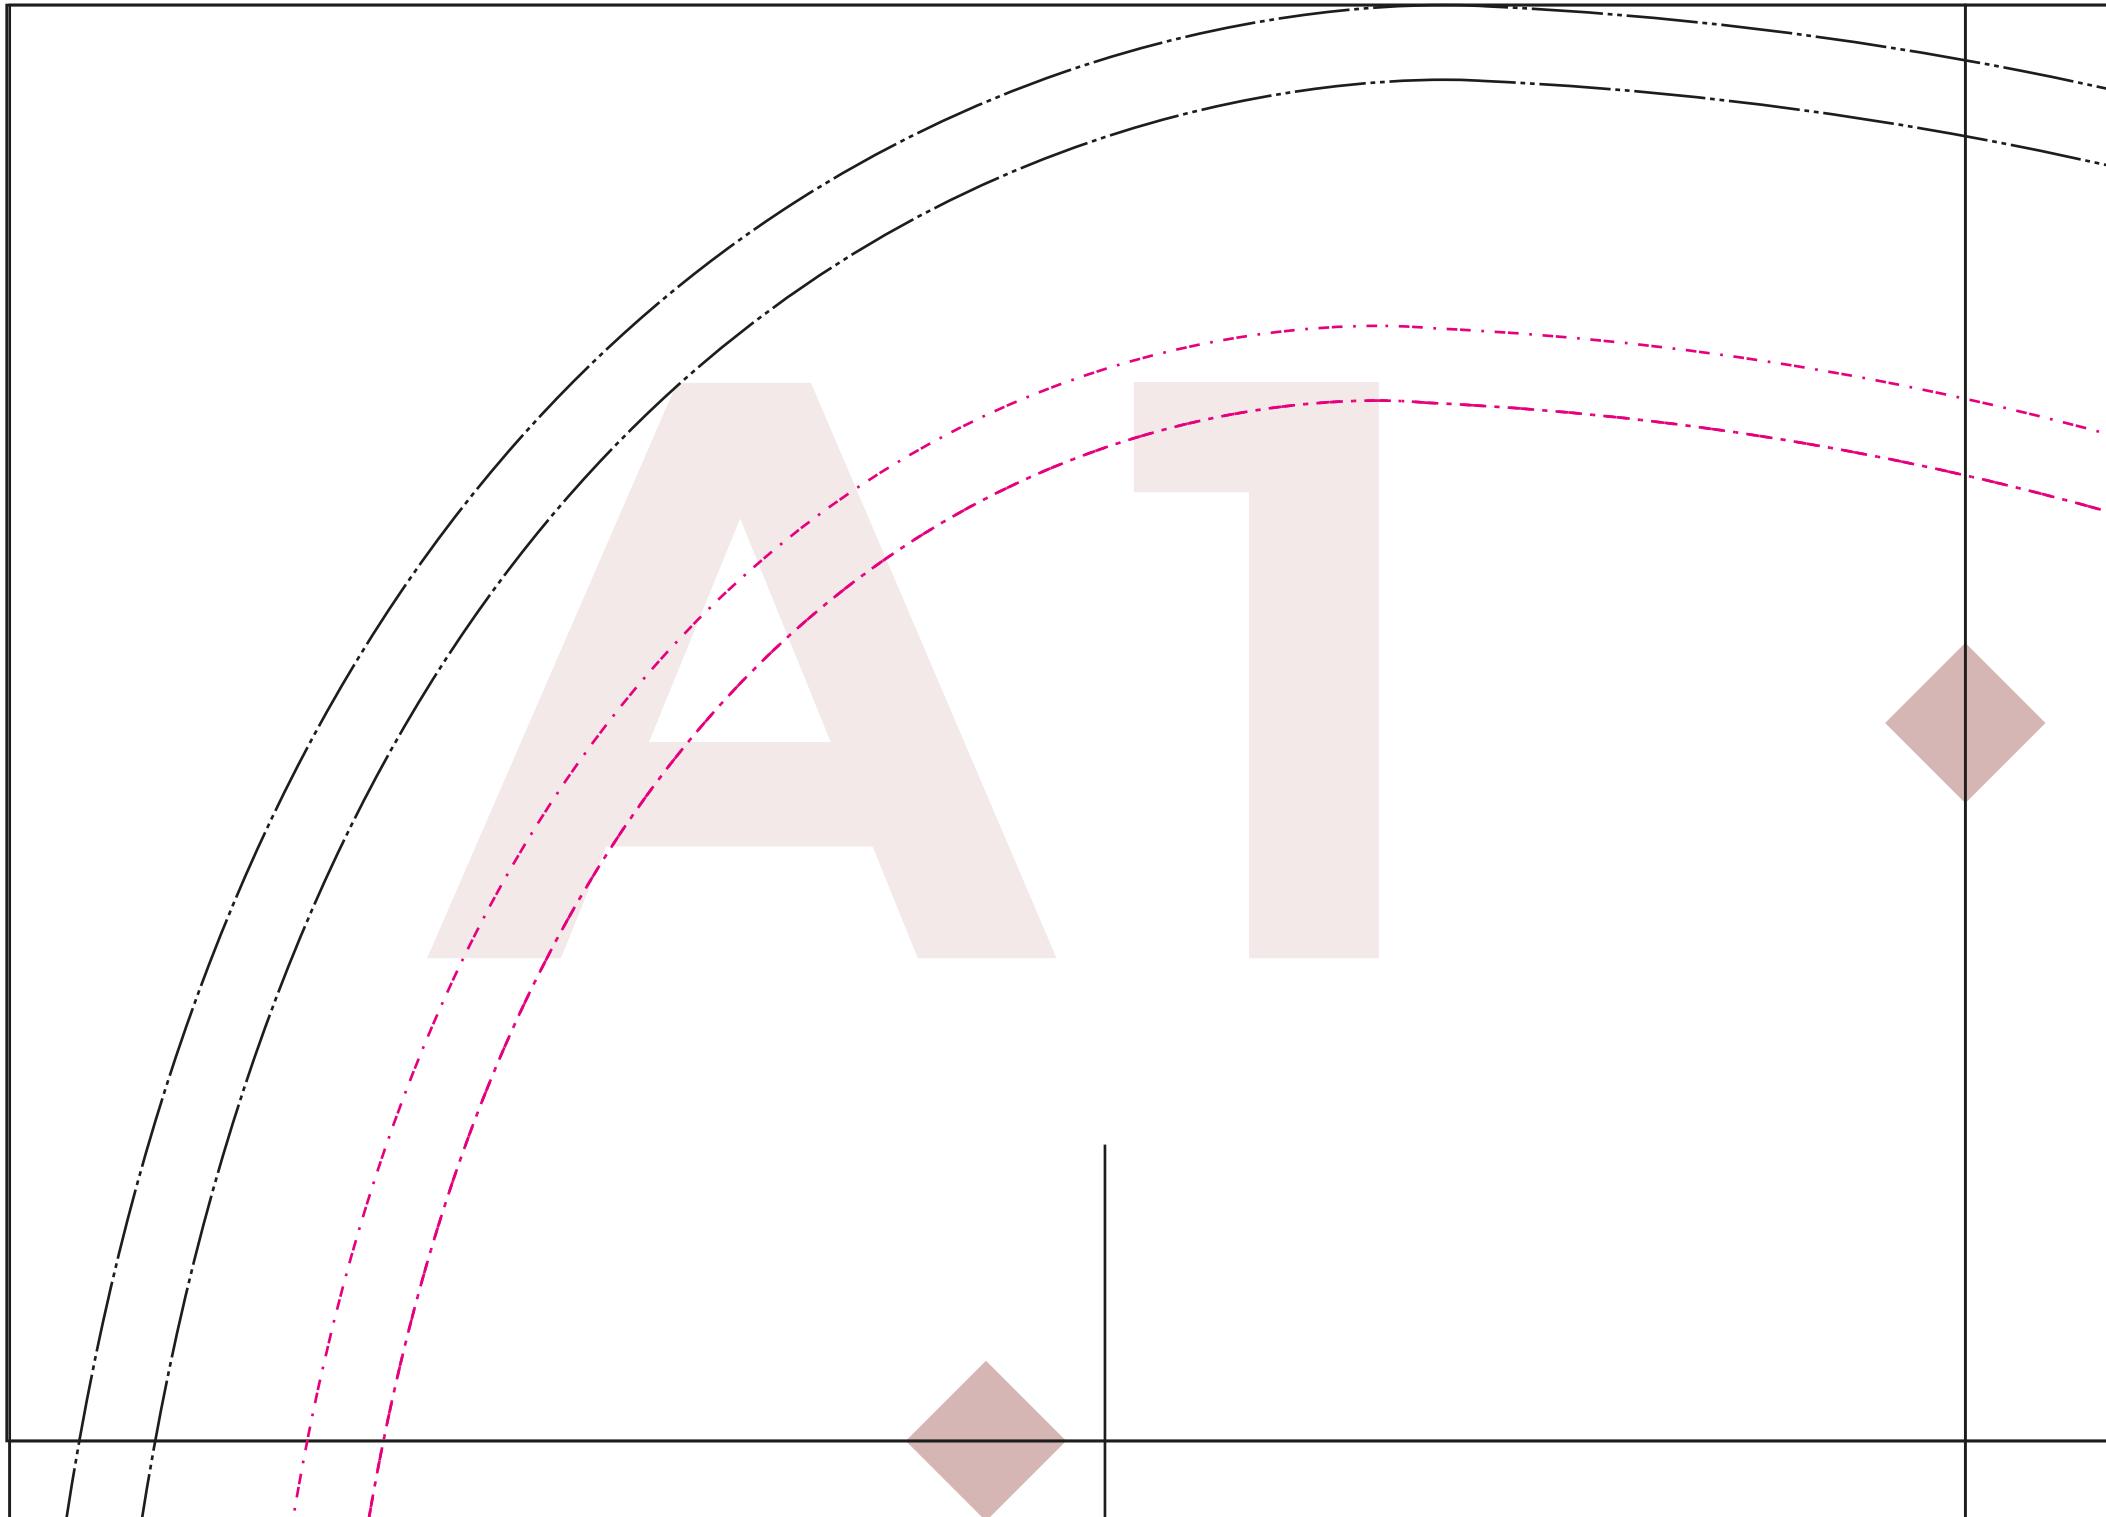

Ahora toca cortar la tela, aquí puedes ver el plano de corte.

Debes doblar la tela por la mitad y necesitarás tela exterior y tela interior de ancho 150 cm.

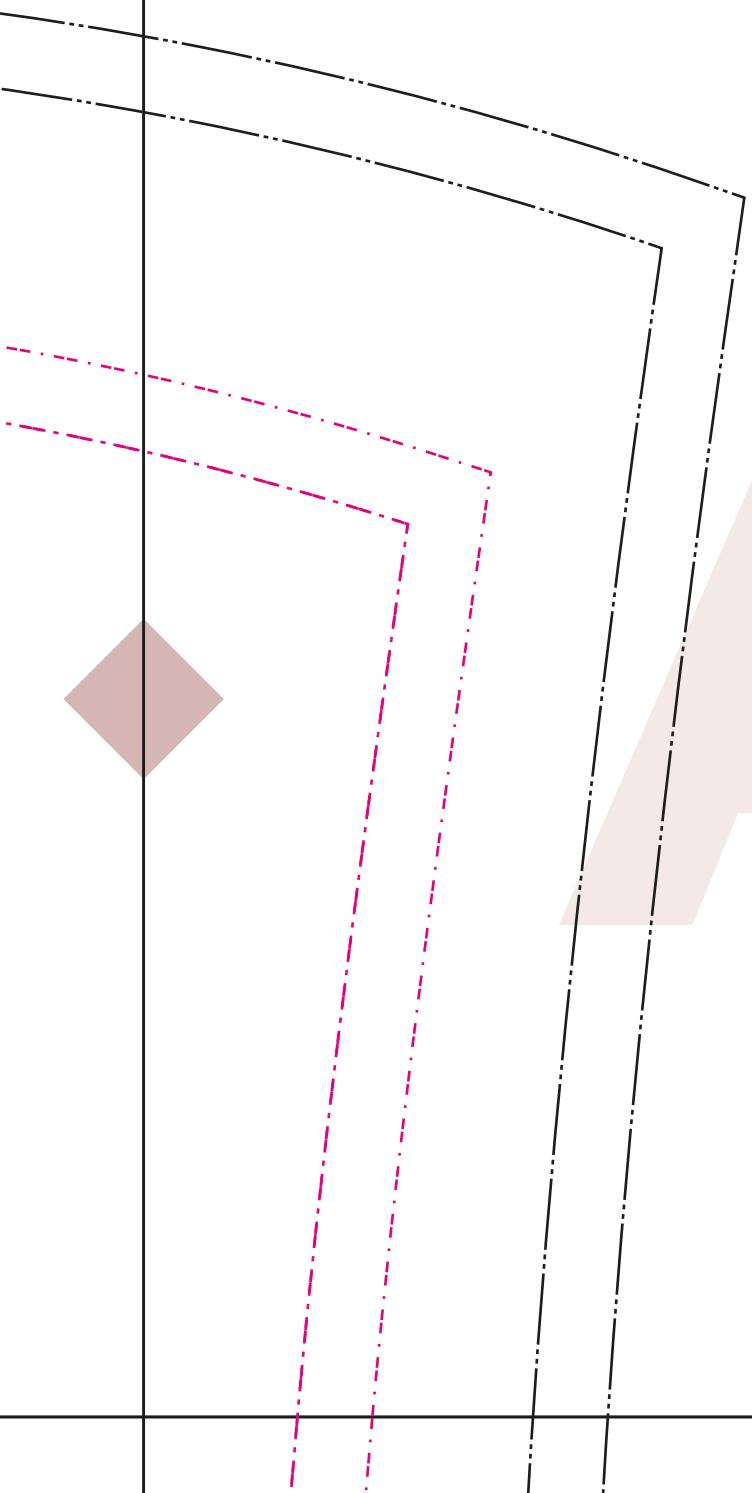

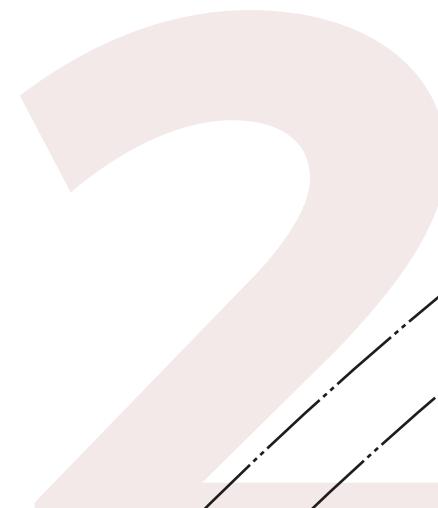

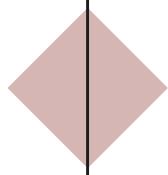

Para la talla infantil: 140 cm de largo y para la talla adulto: 200 cm de largo.

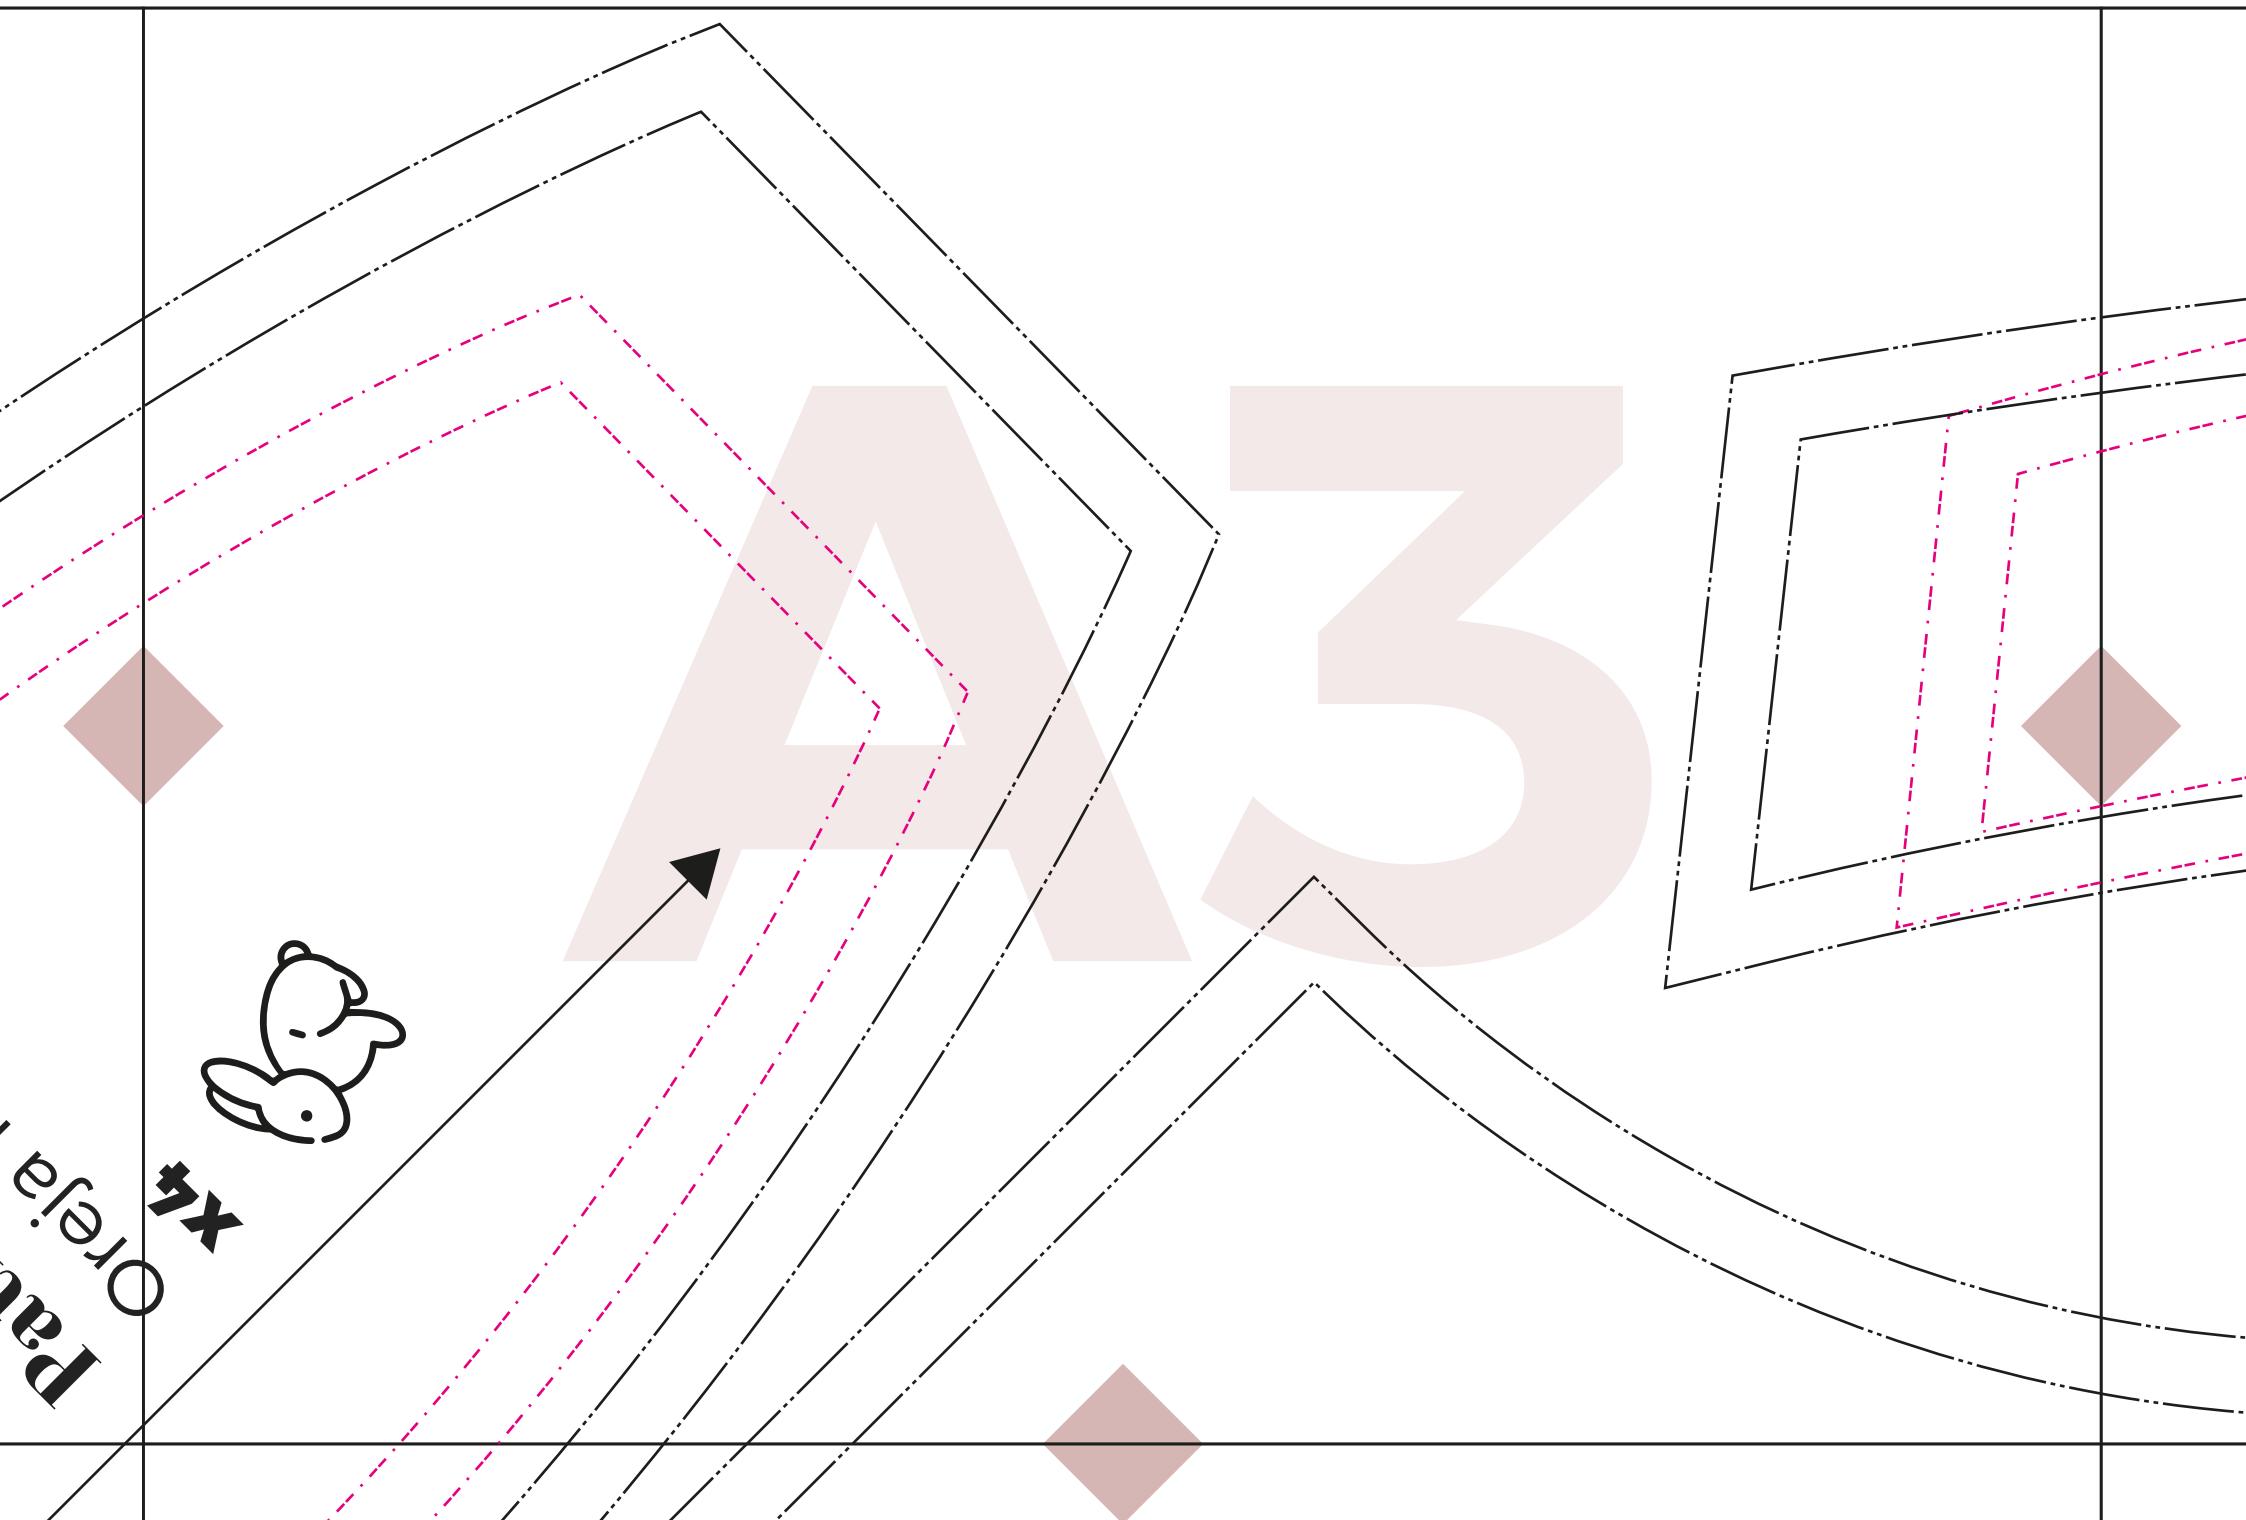

**Margen de costura de 1 cm incluido en el patrón.**
